

McQueen Band Uniform Washing Directions

1. Verify that the numbers on the pants, jacket and sequin insert on jacket match the number on the bag. If not, please use a sharpie marker to write correct number on each tag.
2. Remove sequin insert from jacket and place into matching uniform bag. **Do not wash.**
3. Remove socks, t-shirts, and gloves from uniform bag. Make a note of which bag # you remove socks, t-shirts, and gloves from on a piece of paper so that you can return the correct items back to the bags. An educated guess on the sock size works. (For example, I look at the socks- are they large, medium, or small?) The gloves have a size on the tag inside the cuff (sometimes).An educated guess on gloves is ok.
4. It is best to wash the pants together and jackets in a separate load. Wash socks, t-shirts, and gloves in another load. Use non-scented detergent please.Use the delicate cycle and cold water.
5. **DONOT use fabric softener!!!!**
6. When washing uniforms please remove the shoes and spray insides with Lysol or Fabreeze. Make a note of which shoes came out of which bag. A little note in the pair works.
7. Drying the uniforms—they may be dried in the dryer at low heat setting, or the delicate cycle or you may air dry them.
8. Make sure the numbers match on the pants, jackets, sequin insert, and uniform bag when reassembling uniform.
9. Replace sequin insert into the jacket. Look for Velcro tabs.
10. Hang pants carefully with the crease in the pants preserved.
11. Hang jacket over the pants. Make sure that the sticker on the hanger is facing the zipper of the bag.
12. Replace appropriate socks, t-shirts, and gloves into the uniform bag pocket.
13. Return uniforms to the band room on the designated day and time.

THANK YOU VERY MUCH!!
